

## A MOTHER'S LOVE.

What is More Beautiful than a Mother's Love?

"Who ran to help me when I fell  
And would so gently soothe my fall,  
Or kiss the place to make it well,  
My mother."

A mother's worries are many. She sometimes forgets her own bodily discomforts because of her overpowering love for the child. She becomes broken down, sleepless, nervous, irritable and feels tired from morning until night. Many mothers of experience can tell you that at such a time they have been relieved, benefited and strengthened and put into proper health by taking a prescription which their mothers had told them was the best woman's tonic and nerve to be taken at such times. Dr. Pierce's Favorite Prescription has enjoyed an enviable reputation for over a third of a century. In all that time it has sold more largely in the United States than any other tonic for women's needs, and to-day its sales are greater than ever. Dr. Pierce made up this prescription from native medicinal roots without the use of a particle of alcohol and for the single purpose of curing those diseases peculiar to women and when there is a lack of womanly strength to bear the burdens of maternal duty. How few women come to this critical time with adequate strength. The reason why so many women sink under the strain of motherhood is because they are unprepared. Is preparation then required for motherhood? asks the young woman. And every experienced mother answers—"Yes." "I unhesitatingly advise expectant mothers to use Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mass. "The reason for this advice is that Dr. Pierce's Favorite Prescription is the best preparation for the maternal function. No matter how healthy and strong a woman may be, she cannot use 'Favorite Prescription' as a preparative for maternity without gain of health and comfort. But it is the women who are not strong who best appreciate the great benefits received from the use of 'Favorite Prescription.' For one thing its use makes the baby's advent practically painless. It has in many cases reduced days of suffering to a brief few hours. It has changed the period of anxiety and struggle into a time of ease and comfort."

## A DUTY WOMEN OWE THEMSELVES.

"Good actions speak louder than words," so, too, does the testimony of many thousands of women during a third of a century speak louder than mere claims not backed by any such record of cure.

Miss Emma Petty, 1126 S. Olive Street, Indianapolis, Ind., Past Vice-President, Daughters of Pocahontas, Minnesota Council, also Organizer, South Baptist Church, Indianapolis, writes: "For several years I suffered with anorexia, which was a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I had many medicines recommended to me and tried many, but did not get permanent relief until I took Dr. Pierce's Favorite Prescription. In two months I was much better and stronger, and in four months I was well. Have had no more disagreeable discharge, no more pain; so I have every reason to praise 'Favorite Prescription.'"

## The Times' Daily Short Story.

## What Came of a Scullion

(Original.)

There was trouble on the mind of the chief cook of Signor Faliero, a wealthy Venetian gentleman living in France. Signor Faliero had invited a number of distinguished people to dinner. There were to be princes, nobles and merchants of Venice and, more important than all, a number of art critics. I say "more important than all" because that was an age when the fine arts flourished and a man who could judge of a painting or a statue was looked up to more than one possessing birth or wealth. At any rate, these men were of more intrinsic worth than all the rest at this dinner of the Venetian.

But what was a scullion in the kitchen? A confectioner had been charged with making a large candy ornament to decorate the table and had sent word that it had been spoiled and there was no time to make another. The chief cook stormed and tore his hair. Perfection was his aim, and what would all the delicacies he had prepared avail without the gorgeous centerpiece?

A boy who served as scullion advanced and said in a timid voice:

"If you will let me, I think I can make you something that will do in place of the confectionery piece."

"You, Antonio? What do you know about fashionable things?"

"I have worked in the yard of my grandfather, Pisano, the stonecutter."

"Nonsense! A stonecutter knows nothing about artistic work."

The boy begged hard, and as there was nothing else to be done he was given permission to try his hand. He sent for some butter and fashioned it into a roughing lion. It was placed upon the table, and soon after the princes, the merchants and the art critics were ushered into the dining room. The chief cook wore a melancholy look, keeping his eye fixed on what he considered a blemish to an otherwise splendid table. The guests ranged themselves around the table and took seats.

The cook saw one of the art critics looking fixedly at the butter lion, and the poor man inwardly cursed the moment that he had consented to use the scullion's work. Then he noticed that the art critic said something to the man sitting next to him, and they both looked at the lion. The chief cook's knees trembled beneath him. Surely his master would discharge him for putting this fierce looking creature that was made of such soft material before these great men. He had hoped before they would not especially notice it, and twenty-two of them were looking at it and talking about it. But when several other groups held down their

scripion. I consider it without an equal for ills of women."

All the ingredients entering into Dr. Pierce's Favorite Prescription are printed in plain English on each bottle wrapper. Dr. Pierce thereby shows that he is not afraid to tell his patients just what this medicine is made of. This is not true of any other medicine especially designed for the cure of woman's peculiar ailments. This "Prescription" is also the only woman's medicine sold through druggists that does not contain a large percentage of alcohol; it contains not a drop.

As an indication of the high esteem in which the medical profession are coming to regard the several ingredients of which Dr. Pierce's Favorite Prescription is composed, we have room here to insert only the following:

Dr. John F. Fries, of Saugatuck, Conn., Editor of the Department of Therapeutics in The Electric Review says of the chief ingredients of Dr. Pierce's Favorite Prescription: "A remedy which invariably acts as a uterine invigorator and always favors a condition which makes for normal activity of the entire reproductive system, cannot fail to be of great usefulness and of the utmost importance to the general practitioner of medicine."

"In Helonia we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent."

The following are among the leading indications for Helonia: Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia, ("flooding") due to a weakened condition of the reproductive system; amenorrhoea, arising from or accompanying an abnormal condition of the digestive organs and an anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid women can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonia.

## MEN AND WOMEN

should have a medical book handy, for knowledge is power. They should know about anatomy and physiology. They should have a book that treats of the sexual relations of both sexes out of and in wedlock, as well as how and when to advise son and daughter. His unqualified endorsement of the press, ministry, legal and medical professions. The main cause of unhappiness, ill-health, sickly children, and divorce is admitted by physicians and shown by court records to be the violation of the laws of self and sex. A standard work is the People's Common Sense Medical Adviser, by R. V. Pierce, M. D. Send 31 one-cent stamps for the cloth-bound book, or 21 stamps for the paper-covered volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

## DAMAGE BY CLOUDBURST

Towns Flooded In Pennsylvania

## STREAMS RISE RAPIDLY

Bridges Give Way and Much Fear Is Felt for the Reservoir—Women and Children on the Roofs.

Johnstown, Pa., June 8.—A cloudburst at Hooversville, Somerset county, eight miles north of here, early yesterday, caused Stony creek to rise suddenly here, and portions of the lower part of the city are under water.

At the Franklin street bridge connecting the city with Kernville where the creek narrows, the water rose 18 feet by noon. The water is up to the first floor in many houses and business in the vicinity of Franklin bridge has been suspended.

Island Park, a pleasure resort two miles from the city, has been practically washed out of existence. The only fatality resulting from the flood so far reported is the killing of an unknown woman, who was struck by a train while standing on the old stone bridge, watching the high water.

The crest of the flood was reached at noon, and reports from towns above say that the waters are subsiding rapidly. The damage along Stony creek is estimated at \$250,000. Yesterday's flood is said to have struck the worst since the disaster of May 31, 1889.

## IF GUILTY, ASKS NO MERCY.

Alleged Lottery Man Says He Is No Worse Than a Broker.

Chicago, June 8.—During the closing hour of his trial Wednesday, Louis A. Gourdain offered himself, his fortune and his family as a sacrifice on the altar of justice. Should the jurors find him guilty, the alleged lottery man said, he would count the severest sentence, and when he came from prison, would turn his possessions over to the government and proceed to efface himself and his family.

Gourdain, who has been on trial for several weeks, with John H. Dalton in the court of Judge K. M. Landis on a charge of using the mails to defraud by promoting a scheme similar to a lottery, has conducted his own case. He introduced no witnesses in his own defense, and declares his scheme is as legitimate as the operations of any board of trade member. His statements have attracted much attention.

## SAYS HE BROKE PROMISE.

New York Woman Sues Bennington Manufacturer for \$2,000.

Bennington, June 8.—Papers have been served in a second suit brought by Miss Oceline Peterson, of New York, against K. L. Lindloff, president of the Bennington Knitting Co., alleging breach of promise. A previous suit in assumpsit was brought some time ago and is still pending.

The plaintiff alleges that the defendant, although a married man, made her a promise of marriage while claiming to be himself a single man. Damages were placed at the sum of \$2,000 and the suit is returned at the December term of Bennington county court. Bennett and Graves appear for the plaintiff.

## BAD COMPLEXIONS

AND THE BEST REMEDY FOR NINE CASES OUT OF TEN.

Depressed Blood Causes Pimples and Boils—Dr. Williams' Pink Pills—Make New Blood and Cure Follows.

"I abused my stomach, my blood got out of order and then my face broke out with pimples and boils," says T. E. Robertson, of 197 Addison street, Washington, Pa. "This was over two years ago. My stomach was in bad shape. After eating I would have to rest awhile or I would suffer the most severe pains in my stomach. On arising I would often be so dizzy that I could hardly stand up. The slightest exertion would start my back aching so that I often had to sit down and rest awhile. At times I experienced a pain around the heart which alarmed me but which I suppose came from my stomach trouble."

"I began to break out on the face with pimples and later with boils which I found me to the house a week at a time. One day I saw Dr. Williams' Pink Pills for Pale People advertised in a pamphlet which was left at the door and I thought I would give them a trial. I took several boxes of the pills before all the pimples and boils left me, but I am now glad to say that my blood is good. I do not have any eruptions and I no longer have the head and stomach troubles I have described. I am very grateful for what Dr. Williams' Pink Pills have done for me and I have recommended them and always will advise those who are suffering from bad blood or stomach trouble to try them."

Dr. Williams' Pink Pills are guaranteed to be safe and harmless to the most delicate constitution. They contain no morphine, opiate, narcotic, nor anything to cause a drug habit. They do not act on the bowels but they actually make new blood and strengthen the nerves. If you want good health you must have good blood. Bad blood is the root of most common diseases like anemia, rheumatism, sciatica, neuralgia, St. Vitus' dance, nervousness, indigestion, debility, general weakness, paralysis, locomotor ataxia and the special ailments that only women folk know.

Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50c per box, six boxes for \$2.90, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

## BAB BOYS' ITCHING HUMOR

At Age of Two Weeks Great Sores Broke Out—Head and Face Were Terrible Sight—Treated by Doctors and Hospital but Child Grew Worse—Could Not Sleep.

## CURED BY CUTICURA AT EXPENSE OF 75c.

"I wish to have you accept this testimonial, as your Cuticura has done so much for my baby. At the age of two weeks his head began to break out with great sores and at the age of two months his face and head were a awful sight. I consulted a doctor, who said it was nothing but a light skin disease which the baby would soon get over. He seemed to get worse, so I called another doctor. His opinion seemed to be the same. They both prescribed medicine that did not do a bit of good. I consulted a doctor, who said it was nothing but a light skin disease which the baby would soon get over. He seemed to get worse, so I called another doctor. His opinion seemed to be the same. They both prescribed medicine that did not do a bit of good. I consulted a doctor, who said it was nothing but a light skin disease which the baby would soon get over. He seemed to get worse, so I called another doctor. His opinion seemed to be the same. They both prescribed medicine that did not do a bit of good. I consulted a doctor, who said it was nothing but a light skin disease which the baby would soon get over. He seemed to get worse, so I called another doctor. His opinion seemed to be the same. They both prescribed medicine that did not do a bit of good. I consulted a doctor, who said it was nothing but a light skin disease which the baby would soon get over. He seemed to get worse, so I called another doctor. His opinion seemed to be the same. They both prescribed medicine that did not do a bit of good. I consulted a doctor, who said it was nothing but a light skin disease which the baby would soon get over. He seemed to get worse, so I called another doctor. His opinion seemed to be the same. They both prescribed medicine that did not do a bit of good. I consulted a doctor, who said it was nothing but a light skin disease which the baby would soon get over. He seemed to get worse, so I called another doctor. His opinion seemed to be the same.
